Short-Term Financing	776	776	0	0	0	0	0	0	0	0	0
Total	776	776	0	0	0	0	0	0	0	0	0

DESCRIPTION

The project provides for an additional 50,000 square feet of support function, liquor/wine, and packaged beer storage space to the existing building, expansion of the truck parking area, and provision of air-conditioning for the existing warehouse facility. The new packaged beer storage space will comply with mandated supplier facility requirements.

JUSTIFICATION

Various beer manufacturers require their beer to be stored at specific temperatures. The existing warehouse cannot meet these temperature requirements. The warehouse is also used for storing other temperature-sensitive products, including wine. The existing warehouse is the designated work place for permanent, full-time County employees. It is currently the only County non-air-conditioned worksite.

Program of Requirements (POR) and "Temperature Control Warehouse Expansion" study completed.

OTHER

The location and schedule of this project has been proposed to change by the County Executive as part of his comprehensive Property Use Initiative. The project scope, cost estimates, and schedule will be amended with the completion of a detailed implementation and financing plan for the Property Use Initiative.

FISCAL NOTE

The Department of Liquor Control will finance the cost of this project.

OTHER DISCLOSURES

- A pedestrian impact analysis has been completed for this project.
